

CPC January 2025 Newsletter

Helping Your Patients Understand Who We Are We offer specialized cards for this!

Do you want to help educate your patients about your pathology lab? CPC is here to help!

Oftentimes, patients who come to dermatology offices and undergo biopsies do not understand that the dermatologist's office is not providing the pathology services directly. They can be surprised by a claim made to their insurance by CPC Pathology or by an invoice received directly from CPC. We are here to help you! CPC offers **free "About CPC Cards"** that offices can provide to patients who undergo biopsies.

The images below are the exact appx 4x3 color heavy cardstock cards we can send to you.

About Your Lab Testing

Your visit today resulted in one or more specimens being sent to CPC Pathology for analysis. Your Doctor will use the results from the analysis in your diagnosis and treatment.

For your convenience, CPC Pathology will file a claim to your insurance company for the services it renders. Depending on your plan, you may be billed for a portion of the charges. This can occur if you have not yet met your deductible or if you have coinsurance.

If you have any questions concerning your bill, please feel free to call our billing service at 630-874-2744. Or, you can email us at customerservice@cpcpathology.com.

About CPC Pathology

CPC Pathology is a fully accredited independent laboratory offering pathology services to physicians, clinics and hospitals for over 20 years.

Our 9 pathologists are board certified in multiple specialties enabling us to render diagnostic support to your physician for many disease states.

If you have any questions about our practice please feel free to visit our website at www.cpcpathology.com, or call us at 847-996-1030.

Call the lab and place your order today!
